

Performance and Panache

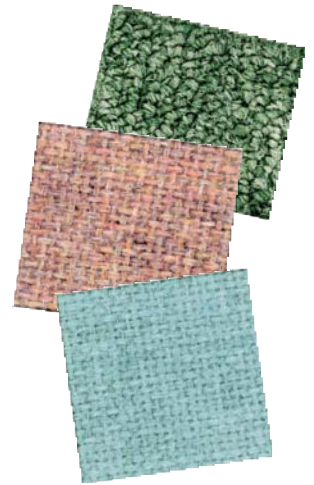

With new enhancement packages and money-saving modularity, the industry's best-performing **AUDIOLOGY SERIES** rooms now look even better.

GREATER COMFORT

- > Improved visibility
- > Low-heat silent lighting
- > Silenced ventilation systems

SAVIER STYLING

- > Five new exterior color
- > Paneling and carpeting in five new colors
- > Absorptive and aesthetic fabric top paneling
- > Space-enhancing wood chair-rail
- > Edge-smoothing corner panels

AS ALWAYS

- > The highest degree of isolation supported with NVLAP accredited laboratory-tested performance in accordance with the ASTM E596 room test standard
- > The highest acoustical performance for the best in-field test environments
- > Unparalleled support from the **AUDIOLOGY SERIES ROOM** market's best technical sales representatives.
